Our practice is here for you.

An Office Visit is required for any service to be performed with the exception of a flu shot. Below is a basic description of the different Office visits we provide. Level of complexity will be determined by one of our qualified physicians. If you do not have health insurance, we offer discounted "Self Pay" day of service rates. Our prices are among the most competitive you will find in the area. These rates are posted in our waiting room for your convenience. Our office visits for self-pay patients consist of three separate levels:

SIMPLE - LEVEL ONE

One problem and no controlled medication prescribed.

INTERMEDIATE - LEVEL TWO

Two problems or a controlled medication prescribed.

COMPLEX - LEVEL THREE

3 problems or 2 problems+ controlled medication prescribed

ABOUT ABSOLUTE QUICK CARE

Three brothers founded Absolute Quick Care with one mission—to provide top quality care for you and your family when they need it most. We are not some national chain—We are a family business committed to providing the best possible care for our community.

If you need urgent care and do not have a life-threatening situation, choose Absolute Quick Care -- we provide affordable care and a shorter wait time than emergency rooms. We offer customers convenient walk-in care and extended hours to be there when others are not.

If you are experiencing a life-threatening situation, please call 911 immediately for assistance.

However, when you need urgent care services in Ocala, we make it easy by accepting most major insurance plans and also by having a reasonably priced tier structure for people without insurance. No appointments are necessary at our walk-in center, so please come in and let Absolute Quick Care help you get the care you need to feel better.

Our Walk-in Clinic strategically located to serve patients within Ocala, Belleview, Summerfield, and surrounding areas.

We are located right off I-75 Exit 341-Belleview between Zaxby's and Dunkin Donuts.
